Uknow I Am Right REPORT ON HR 1388

'Generations Invigorating Volunteerism and Education Act' or the 'GIVE Act'.

July 2, 2008 Colorado Springs

" We cannot continue to rely on our military in order to achieve the national security objectives we've set. We've got to have a civilian national security force that's just as powerful, just as strong, just as well-funded."

In an 2006 interview Rahm Emanuel, Obama's future Chief of Staff, provided insight into Obama's plans for mandatory induction for all young adults into a civilian force. "If you're worried about, are you going to have to do 50 jumping jacks, the answer is yes," Emanuel told a reporter. He also said they would wear uniforms.

Emanuel wrote "The Plan: Big Ideas for America" in 2006. Here's an excerpt from the book. "It's time for a real Patriot Act that brings out the patriot in all of us. **We propose universal civilian service for every young American.** Under this plan, All Americans between the ages of eighteen and twenty-five will be asked to serve their country by going through three months of basic training, civil defense preparation and community service"

Why This Document Is Written

I believe this legislation is at the HEART of the Obama agenda. Obama is a community organizer that is foremost role. He considers his job as President as a promotion to a higher level of that position. The man knows nothing else. HR 1388 is the Embodiment of Obama – it is his legacy.

I make predictions, I tell stories. This legislation is the foothold that will kidnap our children and cast the roots of socialism.

I believe the images I case in December are correct. Please see through my eyes.

Last fall I wrote several pieces that illustrate the HR 1388 legislation. It is a clear picture of what you can expect if implemented. The only real change is titles and length of service. From what we can see these writings are 100% correct as outlined in this legislation

Here are excerpts from the legislation:

What is HR 1388?

See the last 6 pages of this document. It is an outline of the Headings, subtitles etc of the legislation.

This is how I interpret the legislation: HR 1388 establishes the Corporation for National & Community Service. It becomes a blanket organization and coordinator of (what is now) AmeriCorps, Vista . Learn and Serve and Senior Corps. It also is a branch of and provides services for the Secretary of Housing and Urban Development, the Administrator of the Environmental Protection Agency, the Administrator of the Federal Emergency Management Agency, the Secretary of Energy, the Secretary of Transportation, and the Chief of the United States Forest Service'.

It develops training programs and promotes (forces is a better word) volunteerism through its direction, as it instructs. It teaches influences and coordinates its own activities. It works with and coordinates non-government programs. It would assist non-profits in writing grants and obtaining funds where needed.

It works with schools in developing curriculum that is approved by the central government.

In the end it distributes government assistance. In actuality it creates a need for assistance.

It is a thousand times more comprehensive then I can communicate. It can dictate where you live, where you go to school, what your children and where you work. Not today, but your grandchildren will know.

Costs:

The Corporation for National and Community Service (CNCS)The President' Budget proposes \$1.13 billion for CNCS,an increase of \$261 million from the 2009 likely enacted level.

The Budge would set AmeriCorps on a path to expand from its current 75,000 funded slots to 250,000.

NOTE: At "only a billion" this legislation may get a quick pass.

H.R.1388¹

GIVE Act (Engrossed as Agreed to or Passed by House)

HERE IS A SHORT LIST OF QUICKLY SELECTED PASSAGES – I HAVE ONLY REVIEWED A SMALL PORTION OF THE DOCUMENT – BUT WHAT IS OF CONCERN – IS OF CONCERN – YOU DECIDE

SECTION 1. SHORT TITLE; TABLE OF CONTENTS.

(a) Short Title- This Act may be cited as the 'Generations Invigorating Volunteerism and Education Act' or the 'GIVE Act'.

Fuzzy and nice – nothing wrong here, Sort of like the Fairness Doctrine. .

This legislation reads so well, a great advertisement.– this stuff is great.

SEC. 3. SENSE OF CONGRESS.

'It is the sense of Congress that the number of participants in approved national service positions, including the Volunteers in Service to America (VISTA) and the National Civilian Community Corps (NCCC), should grow to reach 250,000 participants by 2014.'

From our research the total number of participants is about 75,000 – You can move the numbers many ways but we are confident this is a FT 350% increase. – Remember Obama wants something as large and powerful as the military.

(40) SEVERELY ECONOMICALLY DISTRESSED COMMUNITY- The term 'severely economically distressed community' means an area that has a mortgage foreclosure rate, home price decline, and unemployment **rate greater than the national** mortgage foreclosure rate, home price decline, and unemployment rate for the last 12 months for which satisfactory data are available, or a residential area that lacks basic living necessities, such as water and sewer systems, electricity, paved roads, and safe sanitary housing.

Although some of this makes no sense it looks like it could apply almost anywhere.

SEC. 1506. TRAINING.

(B) by adding at the end the following: 'The Director shall ensure that to the extent practicable, each member of the Corps is trained in CPR, first aid, and other skills related to disaster preparedness and response.';

(2) in subsection (b)(1), by inserting before the period at the end the following: ', including a focus on energy conservation, environmental stewardship or conservation, infrastructure improvement, urban and rural development, or disaster preparedness needs';

All I can say is read Uknow I Am Right prediction #5

SEC. 1507. CONSULTATION WITH STATE COMMISSIONS.

(B) in paragraph (1), by inserting before the semicolon the following: 'with specific emphasis on projects in support of infrastructure improvement, disaster relief and recovery, the environment, energy conservation, and urban and rural development'; and

(A) in paragraph (1)(A), by striking 'and the Secretary of Housing and Urban Development' and inserting 'the Secretary of Housing and Urban Development, the Administrator of the Environmental Protection Agency, the Administrator of the Federal Emergency Management Agency, the Secretary of Energy, the Secretary of Transportation, and the Chief of the United States Forest Service';

This Program looks like it is the de-facto purveyor of all major benefit programs – See prediction #5

- (i) by striking `superintendent' both places such term appears and inserting `campus director'; and
- (ii) by striking `camp' both places such term appears and inserting `campus'; and
- (B) in paragraph (2), by striking `camp superintendents' and inserting `campus directors'.

We make this a comforting experience – See Prediction #4

SEC. 1509. PERMANENT CADRE.

(ii) in subparagraph (B), by striking `The Director shall appoint the members' and inserting `The Chief Executive Officer shall consider the recommendations of the Director in appointing the other members';

`(iv) give consideration to retired and other former law enforcement, fire, rescue, and emergency personnel, and other individuals with backgrounds in disaster preparedness, relief, and recovery; and'; and

I don't see any Summer camp counselors here – I see police, fire.

SEC. 1512. ADVISORY BOARD.

(C) by striking `to assist' and all that follows through the period at the end and inserting `to assist the Corps in responding rapidly and efficiently in times of natural and other disasters. Consistent with the needs outlined in section 151, the Advisory Board members shall help coordinate activities with the Corps as appropriate, including the mobilization of volunteers and coordination of volunteer centers to help local communities recover from the effects of natural and other disasters.';

Again see Prediction #5 – this is broad spectrum

SEC. 1602. ADDITIONAL PROHIBITIONS ON USE OF FUNDS.

The Scariest of them all...

“(d) Referrals for Federal Assistance- A program may not receive assistance under the national service laws for the sole purpose of referring individuals to Federal assistance programs or State assistance programs funded in part by the Federal Government.”

I scratch my head – Why would you even need to put this in here (You really need to read Prediction #5). It is almost like saying we obviously would not do this because it is specifically prohibited it.

Without being cute we all know what “sole purpose” means. You can do what you want to and get away with virtually anything.

If you believe there is enough for concern please forward -
